a little bit more

Hi there! I'm Josephine and in 2022, I founded a small company with a big heart. Here's my story.

about us

I grew up in an entrepreneurial family and by seeing so much passion it naturally became my dream to also become an entrepreneur myself one day.

In 2017, I went on a wonderful adventure and moved to Valencia, Spain. Living there, I quickly fell in love with the Spanish lifestyle and weather.

Back home, I noticed how dull most interiors were and I wanted to bring a ray of sunshine into my home.

Since I couldn't find on the market what I was looking for, I decided to design it myself. I immediately started drawing and painting the first prototypes.

The choice of ceramics came naturally, as I grew up in it. My parents have a company specialised in colourful ceramic animals, called Pomme pidou.

Fastforward to 2022. I finally got the hang of it and designed my first collection. Qué Rico was born!

## SPRING/SUMMER COLLECTION 2023

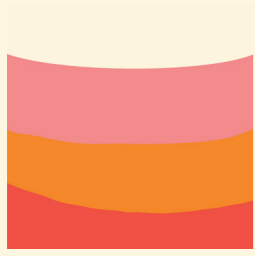

---

The patterns are inspired by nature and Spanish architecture. The collection contains many organic shapes and has both soft and bold colours.

Our main aim was to create a cohesive look through colour, pattern and shape. In doing so, our collection fits into any interior.
